

**LGK  
LONG GATE KIT**

**AMERICAN  
ARMOR  
PRODUCTS**

**USE FOR 16 TO 20  
FOOT GATES**

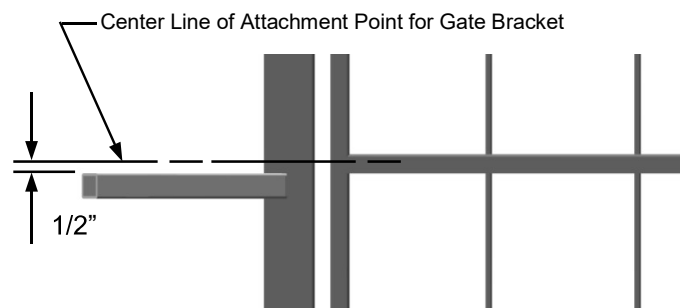

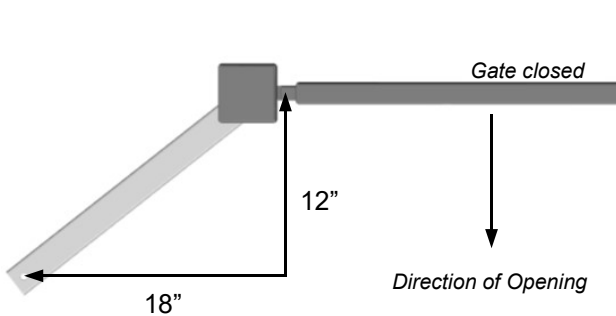

**Support Bracket**

**Long Arm**

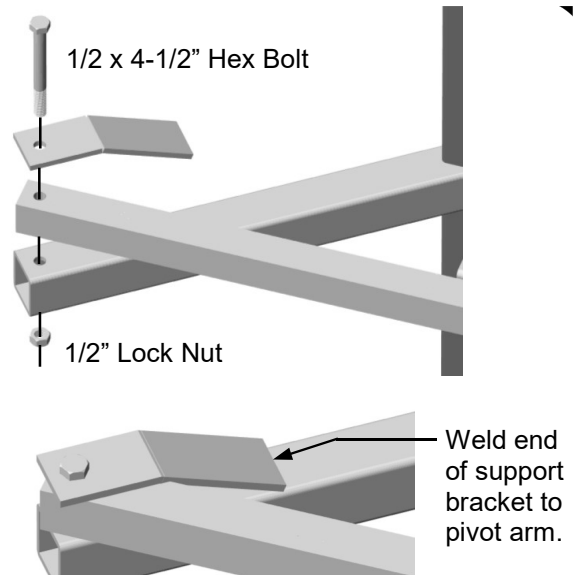

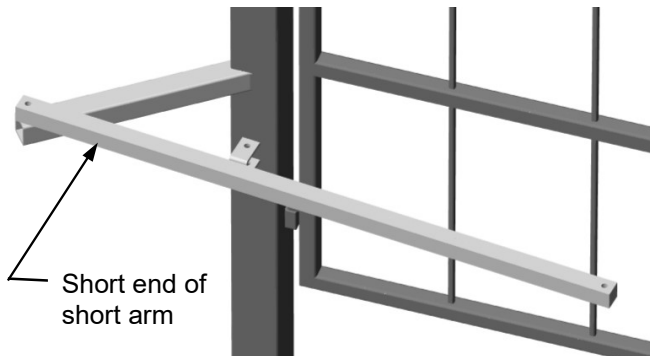

**Short Arm**

- (1) 1/2" x 4-1/2" Hex Bolt
- (3) 1/2" x 3" Hex Bolts
- (4) 1/2" Lock Nuts

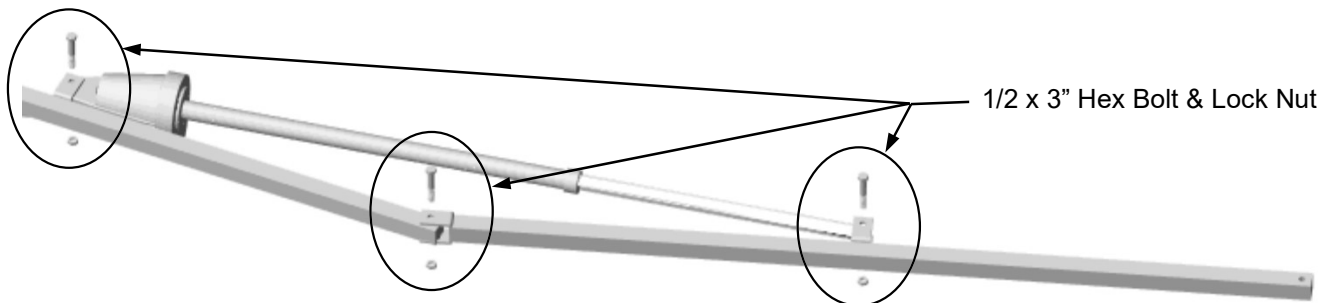

Pivot arm must be level for proper operation.

Mount short arm to pivot arm as shown

Mount the primary LGK arm and gate arm to the secondary arm as shown. Actuator should be extended.

Align the end of the primary LGK arm to the gate and mount the gate bracket. Limits may now be adjusted as per the from gate arm manufacture installation manual.

All hardware should be tightened to allow free movement with minimum vertical play.

The gate bracket mounting location should be approximately 8 feet from the center of the hinge to the center of the gate bracket.
